

MISSOURI DEPARTMENT OF TRANSPORTATION REQUEST FOR INFORMATION (RFI)

Dear Potential Vendor:

Re: Product – Broom, pickup loader mounted

The Missouri Department of Transportation (MoDOT) is gathering information to acquire a loader mounted pickup broom for the MoDOT Franklin County, MO area. As an initial step in the procurement process, this RFI will assist MoDOT in fully understanding the product functionality, replacement parts and/or services, and options that are available in the supplier market. This RFI provides an opportunity for vendors to submit their information relevant to assisting MoDOT. The product will include but not be limited to:

Required features:

This is a loader mount pickup broom.

- 8' sweeping width.
- Collecting hopper with dumping height over 8'.
- One Right side gutter broom
- water system
- Caster Wheels
- Fork or "JRB" Quick Couple Plate connection
- Independent Hydraulic System
- Domestic inventory and availability of parts and replacement brooms

After receiving the RFI responses, the State of Missouri may request a product demonstration to be held in St. Clair, MO and/or additional product information.

Please submit to my attention **NO LATER THAN FEBRUARY 25, 2011**, at the following address in accordance with instructions contained in this document:

AGENCY: Missouri Department of Transportation – D6 St. Louis

RESPONSE DUE DATE: February 25, 2011
